Dear Darren

I would like to take this opportunity to thank you and all your staff for their support. Words just can't explain the amount of knowledge and experience that I have gained from attending this simple yet extremely productive course.

Find some of the key points:

- Enhancing Personal/Business Productivity
- Developing Personal/ Business Leadership Skills
- Better Planning/Goal Setting/Prioritising and understanding of High Pay-off Activities
- Improving Time Management
- Improving Communication - all facets of life
- Empowerment - the art of enabling team members to take action
- Increasing Productivity of the Team

These are just a few points, the most important lesson for me is that I can use this to enhance and improve the QUALITY of my life.

I would strongly recommend this program to people in the Freight Forwarding Industry who feel pressured by tight deadlines and would like to maximise their personal and team productivity, as well as improving their management and communication skills.

Please feel free to refer me to those who would like to discuss the benefits and the applicability of the course in further detail during business hours.

Kind regards
